

AR6 Impact

- 12. Drought frequency and intensity
- 02. Sea ice retreat
- 06. Geographical shift in fish species
- 10. Shifts in phenology (land)
- 07. Changes in warm water corals
- 01. Extreme water levels
- Seagrass
- 21. Health
- 20. Economic development and inequality
- 19. Conflict
- 18. Displacement and migrations
- 17. Malnutrition
- 08. Species metabolism
- 16. Armed conflict
- Food prices
- 15. Coastal human systems
- 14. Crop yields
- 13. River floods
- 09. Species distribution (land)
- 05. Shifts in phenology (ocean)
- 11. Wildfires
- Economic activity
- Changes in kelp forests
- River runoff
- Arctic infrastructure
- 03. Glacier retreat
- 04. Changes in strong precipitation
